Object: Support for teachers in US public school systems

Hi

We hereby wish to inform you that the teachers' unions of the FNEEQ CEGEP regroupement, meeting last May 10th and 11th, support your struggles and have unanimously adopted the following proposal:

That the CEGEP regroupement supports the struggle of Teachers in the US Public School Systems (Texas, Kentucky, Arizona, West Virginia, Mississippi, Utah, Kansas, Michigan, North Carolina and Idaho) in their demands about improving their working conditions and the necessary public reinvestment in education.

The Fédération nationale des enseignantes et des enseignants du Québec (FNEEQ-CSN) brings together 33 000 members, in CEGEPs, private institutions, and universities. The FNEEQ-CSN is affiliated with the Confédération des syndicats nationaux (CSN). It is the most representative union organization in higher education in Québec.

Please be assured of our full solidarity to all the teachers who work for the educational mission of their institutions.

In solidarity,

Nicole Lefebvre
Vice-president, CEGEP regroupement
